The FGLSAMP Scholarship program at FIU has several undergraduate scholarships available every Fall and Spring. Scholarships in the amount of $750 per term, Fall and Spring, totaling $1,500 per year up to 5 years, ending once they graduate. Scholarship recipients are encouraged to do research and do an oral or poster presentation at the annual FGLSAMP EXPO or another conference of their choice.

You must be a fully admitted undergraduate student at FIU majoring in:
Electrical Eng, Civil Eng, Mechanical Eng, Environmental Eng, Computer Eng, Biomedical Eng, Computer Science/Technology, Information Technology, Chemistry, Math, Statistics, Physics, Biology, Geology or Teacher’s Education in any of these fields.

Requirements:
1. Must be a U.S. Citizen or Permanent Resident (proof of residency required)
2. Must have a G.P.A. of 2.8 or higher
3. Must be a fully admitted, first time undergraduate at FIU, and registered for fulltime (12 credits minimum) each Fall and Spring term.
4. Must apply for FAFSA and qualify for Financial Aid at FIU each year while in program
5. Must be following the curriculum for the chosen (STEM) major
6. Recipient must provide academic information to the program coordinator on request, to show the student progress while in the program.
7. Recipient must do a FGLSAMP survey on request, to show progression.

Deadline for Spring 2015 applications is January 30, 2015.

The Selection Committee will evaluate each applicant in the current term, and send notification of acceptance. FGLSAMP applications are available in EC 2620 or on the FIU website: www.osas.fiu.edu/scholarships, complete the application and submit it with two letters of recommendation and your resume to:
