NACME Scholarship Program

NACME: The National Action Council for Minorities in Engineering vision is an engineering workforce that looks like America. Our aim is to increase the proportion of African American, American Native Indian, and Hispanic American graduates in engineering education and careers, our metric is parity in the workforce. The NACME Scholarship is available to minorities pursuing an undergraduate degree in engineering.

Requirements:

- Student must be a U.S. Citizen or Permanent U.S. Resident.
- Student must be African American, Native American Indian, or Hispanic American.
- Student must have a G.P.A. of 2.9 or higher.
- Student must be a fully admitted fulltime undergraduate student at FIU, and register each Fall and Spring term for a minimum of 12 credits.
- Student must apply for the FAFSA, and qualify for financial aid at FIU each year while in the program. (NACME is a need based scholarship).
- Student must be following the curriculum for the chosen engineering major.
- Student must do the Online NACME Survey, at the request of NACME.
- Student must submit an updated resume, that they will upload on the NACME Online Directory each term they are in the program, at the request of NACME.
- Student must do mentor-guided research and submit a research report at the end of the term, two weeks after exams. This applies for each term that they are in the program.
- Student should do a poster or oral presentation on the research report at an FIU or national conference, symposium or expo.

Deadline for Spring 2015 applications is January 30, 2015

NACME Scholarship recipients, who have not graduated and continue to meet the program requirements will be awarded, without re-applying. Just submit your mentor-guided research forms for the upcoming term. NACME awards are $1,000 per term (Fall/Spring), that’s $2,000 a year for 4-5 years, upon graduating with a bachelor’s degree.

Complete the NACME application and submit with two letters of recommendation, and your current resume to:
